

8 AUG 1967

ASSOCIATION WITH GOVERNMENT AGENCIES

AEC

LRL - audio, CM, AE sensors, computer problems  
Sandia - emplacement and black boxes

25X1A2g DOD - [REDACTED] coordination on polygraph R&D programs

Air Force - active magnetics, OTH activities, artificial clouds

AFOSR - contract administration for behavioral sciences project  
AFSC - coordination on automated content analysis programs  
AF/RADC - coordination on associative processing R&D programs  
AF/Wright-Patterson - technical monitor for wide band recorder

25X1A2g 25X1A2g [REDACTED]  
25X1A2g NRO - IR programs, image intensifiers, multisensor programs,  
[REDACTED]

Army

Corps of Engineers - coordination on programs for electromechanical  
energy conversion systems

Surgeon General - coordination on behavioral sciences programs

25X1A2g Navy - [REDACTED] field test facilities

25X1D0a ONI - [REDACTED]

25X1A2g ONR - contract administration for behavioral sciences, photo  
interpreter modelling and [REDACTED] projects

25X1A2g DDR&E - coordination of OTH programs, optical encryption

ARPA - microtechnology, animal programs, moving target  
indicators, AE sensors, program coordination on OTH,  
computer security systems, remote physiological measure-  
ments and biological effects of micro-wave radiation

25X1A2g DIA - [REDACTED] coordination of computer R&D plans  
and programs

25X1A2g NSA - [REDACTED] optical encryption, signal intercept and  
processing, speech processing standardization of record-  
ing equipment

ESSA - atmospheric transport

NAS - coordination of speech recognition programs

25X1A2g NASA - [REDACTED] coordination on on-line display systems

National Library of Medicine - coordination of programs on time-sharing  
computer systems

NIH - cooperative program on perception and image analysis

NSF - coordination of programs on machine-aided translation and text  
processing
